MARCH 2014

# TULSA

Association of Petroleum Landmen

## Letter From the President

Dear Members,

I know February is only twenty-eight (28) days, but it sure seemed to fly by this year. Hopefully with the entrance of March we will have the warmer weather to balance what has, no doubt, been a very cold winter. However, with gas prices having spiked over \$6.00 for the first time in over five (5) years, there will be no complaints from where I sit. (Not to mention, I suspect, come July, I will be commenting on the heat.)

We return to the Summit Club for cocktails and dinner on Monday, March 10<sup>th</sup>, where we will welcome our AAPL President, Mr. Don Key, as our dinner speaker. This will be a great opportunity to get apprised on everything going on in our industry at a national level. I hope we can fill the room to capacity to hear from Mr. Key.

A couple of other dates that I'd like to make you aware of include our annual Spring Volunteer day, which is scheduled for Friday, March 14<sup>th</sup> and our Spring Educational Seminar, which is scheduled for Thursday, April 10<sup>th</sup>. I'd encourage you to mark both of these dates on your calendar and make plans to attend. More information on both of these events can be found later in this newsletter. Lastly, keep your eye out for the Spring Scramble Golf tournament; sponsorships are currently being taken and team registration is just around the corner.

Lastly, please be on the lookout for the upcoming TAPL Board of Directors ballot. On or before April 5<sup>th</sup>, this ballot should be on its way to your mailbox. Please recall, pursuant to the TAPL By Laws, only active members (which is defined as those “Landmen regularly employed and engaged in Land Work in the petroleum industry”) are eligible to vote. Should you receive a ballot, but are not eligible under the aforementioned definition, please discard the ballot and ensure your membership is stated correctly in our membership files online.

As always, I encourage your attendance, your involvement and your input in all that TAPL does. Please do not ever hesitate to contact me, or any of the other Board Members, with your comments, compliments or concerns.

Robert Sher, RPL

TAPL President

## **Speaker, AAPL President, Don Key, CPL**

Don Key, CPL, is a Senior Staff Landman for Continental Resources in Oklahoma City, Oklahoma. Before joining Continental in 2013, he was the Land Manager of Hanna Oil and Gas Company in Fort Smith, Arkansas. Prior work experience also includes TXO Production. Key played football on scholarship at the University of Oklahoma until injury and cancer ended his career in 1981. Following the injury, Coach Barry Switzer established the Don Key Award, which is presented annually at the last home game in Norman, Oklahoma. In addition, two OU benefactors initiated the Don Key Scholarship, which is given annually to an OU student athlete pursuing higher education. In 2006, Bill Hanna established the Don Key Leadership Scholarship in OU's Energy Management Program. After earning his degree in petroleum land management from OU in 1983, Key joined AAPL in 1984 and received his CPL designation in 1991. Key served on the AAPL board at various times and on numerous committees, including treasurer, ethics chairman and annual meeting chairman and fundraiser. He currently serves as AAPL's president. Key received AAPL's 1994 Best Director's Communication Award and the 1999 Landman of the Year award. An active member of the Fort Smith Association of Professional Landmen since 1984, Key has served in all offices, including president. He also served on the board of the Arkansas Independent Producers and Royalty Owners and has been active with United Way's Corporate Team, Allocations Panel and as a senior loaned executive. ## Scholarship & Awards Committee

TAPL Members,

The TAPL Scholarship & Awards Committee is in the process of interviewing qualified candidates at both the University of Oklahoma and The University of Tulsa and will be conveying Ten Thousand dollars in Scholarships this year. The rising costs of education at both Universities are creating serious financial hardships for the students (and their families) in the Energy Management programs here in Oklahoma. We firmly believe it is time that we as industry professionals, we as an association and we as an industry step up our support the future of our industry.

In light of the financial need described above, your TAPL Scholarship & Awards Committee is close to kicking off the TAPL Scholarship Endowment fundraising campaign, however we would like to remind all TAPL members and your companies that it is already accepting donations to develop and fund the TAPL scholarship endowment funds at both the University of Tulsa and the University of Oklahoma.

The goal for the Scholarship committee and the TAPL is to raise at least \$280,000 in order to completely fund the endowments for both the schools. This will ensure that scholarships are provided for Energy Management students at each program in the name of TAPL and its membership at our accustomed rate for decades of future landmen.

We are also accepting donations to the endowment funds from any corporations that would like to support these programs, and with these donations we will also be offering recognition and sponsorship opportunities.

Please be on the lookout for more details in the coming weeks from the members of the Scholarship and Awards Committee regarding this opportunity to support our future landmen and our local Energy Management Programs. If you would like to make a donation to help fund these endowment or would like more information regarding the TAPL Endowment Program, please submit checks or your questions to the following designated Committee Member, and make out checks as follows:
