LETTER FROM THE PRESIDENT

GREAT BOARD MEMBERS WANTED!

Grow your professional network. Sharpen your professional credibility. Support initiatives that resonate with you. These are all great reasons to join the TAPL Board, but the main reason for me was the experience of being part of a team that cares about the organization and is willing to donate time to making it better. Developing a deeper understanding of what it takes to run a successful organization with your TAPL colleagues is a professional and personal growth opportunity that I hope every member will get to experience.

We are currently accepting nominations for the upcoming TAPL Board of Directors. All nominations should be submitted to rhondalstacy@gmail.com by March 1, 2022.

Due to forecasted inclement weather conditions, we are moving our Skeet Shoot to Friday March 11th, 2022. Kris Karnes and committee have an exciting day lined up with a Wobble Trap competition, great prizes and shooting fun with your colleagues at Snake Creek's state-of-the-art facilities. Attorney General John O'Connor will be giving a brief update regarding current oil and gas issues relating to his office during lunch.

Please join us at the March dinner meeting to honor this year's TAPL award winners. We have received nominations for many deserving members, and I hope you are all there to help celebrate their accomplishment. AAPL President James "Jim" T. Devlin will be our guest speaker and Tom Seng will be giving an update of the TU Energy Management program. We will also be acknowledging our TU scholarship recipients at the meeting.

CAREER ASSISTANCE PROGRAM

Career Assistance Program

With regard to employment in the Oil and Gas industry or at least within the "Land" realm, things have been anything but predictable for the past several years. Although current commodity prices show great promise, the job market in relation to land work has not exactly followed suit. With that being said, TAPL would like to revive the Career Assistance Program (CAP) with the goal of connecting current TAPL members who are needing help obtaining employment or contract work in our industry to Company's in need of help. If you are currently unemployed or are aware of any employers seeking to fulfill land positions, please contact the Benefits Director, Debbie Bodenhamer at dbodenhamer@rabincland.com. Every inquiry will be handled with the utmost discretion as privacy is of great concern.

TAPL MENTORING PROGRAM UPDATE

TAPL Members,

One of the most valuable resources a young professional can have is a strong mentor to support them and guide through the early stages of their careers. The TAPL-TU Energy Management Mentor Program is in full swing for the 2021-2022 academic year, with hopes of providing some great events for our students and their mentors. This year's program has been limited to graduating Seniors within the TU Energy Management Program, so that our mentors can help these students find employment opportunities and prepare them for interviews – and life after graduation.

While our Mentor roster is currently full, we are always in search of strong support through financial sponsorship from our member organizations – your support will provide necessary funding for educational lunches and networking opportunities for these students (who are entering the industry in a time when they can use any extra help possible).

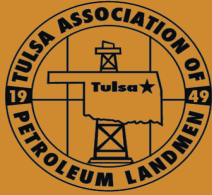

If you are interested in sponsoring an event this year, or would like to be considered for a mentor role as we look ahead to the next academic year, please contact me directly at dcates@paladinlandgroup.com and let's help these students prepare for their futures together!

Thanks,

Dustin Cates

Mentoring Committee Chair
